### 1/14 (2-3:30pm) Lecture: From One Mind to One Stroke | Lecturer: Venerable Huei Kai

“One-stroke Calligraphy” means that every piece of calligraphy written by Venerable Master Hsing Yun is done in one stroke. Because his vision does not allow him to distinguish the distance between each character, no discontinuation is allowed from beginning to end. Venerable Master Hsing Yun is able to let his heart guide his hands in completing the one-stroke calligraphy. He always tells people that they should not just look at his

characters, but look for his heart and the Buddha mind between his characters. “One-stroke calligraphy” is not just an art form, nor a technique, but a state of mind, a concentrated mind that is filled with compassion and wisdom.

### 1/21 (2-3pm) Tea Meditation Ceremony | Host: Venerable Chueh Fan

Tea Meditation Ceremony (Tea and Chan) has been a tradition in China since the Tang Dynasty. This Ceremony will guide you through how to mindfully appreciate tea. As a form of meditation, you are to be mindful during all of the various stages of the practice, which include: the preparation of the tea, the brewing of the tea, the serving of the tea, the drinking of the tea, and the tasting the tea. This simple and profound experience will reveal the extraordinary aspects hidden within ordinary life, the essence of life, the Chan of life.
